Customer Reviews

As a novice puppet maker, I think the book is very good for all ages. I teach secondary art and introduced the book to the students by leaving it on the front desk. Students could browse through it on their own. Bad news/good news: someone stole it--that's the bad news. The good news is it is good enough to steal!!! I recommend it!

This was a textbook for a course. Good bad or indifferent I can't say (I wasn't the one taking the course) but getting the book quickly and at a reasonable price was important.
