Customer Reviews

I ordered the book before its release because I knew it would be great. After having been to many of Gary and Dave's classes and seminars I purchased Millionaire Real Estate Agent believing it would

be the icing on the cake and it is. However, this book arrived in the footprints of book #1 and had quite a bit to live up to for me. To put it conservatively, I'm blown away at the clear, concise communication from this book and the explanation of the systems. I've been an agent for 10 years and have worked with many investors. I'm an investor as well that has dreamt of the millionaire stage but now understand the reality of what I can look forward to in the not-so-far-off future. I can look around my office right now and count 20 to 30 books on investing, managing and financing investment property. Not one of those books comes close to the clarity of the true, proven path that investors should take that is a cumulative system of several millionaire investors versus the story of how one guy got it right. This book nails it! I've met some of the people spotlighted in the back of the book and know they're real - so don't doubt that. I bought two cases of this book to give to my clients that are on the investment track and those that want to get there. It's probably the best gift I could give to my clients and it is absolutely the best gift I've given to myself in quite a long time. The level of excitement and motivation this book has created for me tops the scale - my wheels are spinning on new bearings and the opportunities that have been right in front of my face but I couldn't see - I'm seeing 'em baby!
