## Customer Reviews

This is an excellent reference for high school and college students who are writing Thesis and published texts for school or business. I used an earlier addition to write my own college paper and became an advisor to 40 other student papers. This edition is much better explaining proper footnotes, bibliographies, and proper computer references..

Bought it for my college English class. Works great for referencing how to properly cite sources and helped improve my grammar quite a bit.

Best writer's reference guide on the market.

I bought this for a foreign au pair who is working to improve her English. She really loves this book.

was too expensive and i was unable to return it coz i didn't use it at all

Class neccessity
