# GQ Men

## Synopsis

GQ has become synonymous with style, but to be GQ is so much more than just being outwardly fashionable. It also means to be cultured, to have taste, to have panoramic interests. GQ Men captures the essence of what it means to look sharp and think smart; the magazine's mantra; by showcasing the men who embody the GQ spirit: from screen legends to young hot shots, musicians, political and social leaders, plus artists, athletes, and funny men. Mining this iconic magazine's extensive photographic archives, GQ Men celebrates all the facets of the modern American man; smart and stylish both inside and out. Introduction by Jim Nelson, GQ editor in chief

## Customer Reviews

If you love style, be it men or women's, this is a super cool coffee table book to own. Personally, however, I purchased it for my brother as a best-man's gift and so far as I can tell, it was a win.

It was a nice book, but waaaaay over priced.

The book arrived on time but it has some small details (like mistreated) at the corners and edges of the book that make it a bad experience at least for me.

Beautiful book....incredible photos....and a great addition to my collection of photography books

Perfect book to add to any fashion collection...
