Customer Reviews

Thanks to this book I became more aware of the material covered in math secondary courses. As a teacher, here in Puerto Rico, I use this book as aid guide for my classes and future encounters with the subject. Thank you very much.

Purchased for tutoring. Excellent text book. Good illustrations. Great exercises for students. One of the best books I have seen on the subject.

Arrived and what just what the description said.....

Thanks

Better than described. Unbelievably fast delivery.

five stars are actually not enough!

Great Purchase

good condition
