Workbook For Merrill's Atlas Of Radiographic Positioning And Procedures, 13e

Synopsis

Get the most out of your Merrill's Radiographic Atlas with the Workbook for Merrill's Atlas of Radiographic Positioning and Procedures, 13th Edition. Providing plenty of review and practice of the concepts found in the atlas, this workbook contains a wide variety of exercises including labeling, anatomy identification, short answer, multiple-choice, matching, true and false, fill-in-the-blank, error identification, and more that focus on the essential terminology, anatomy, and positioning information you need to pass the ARRT exam and thrive in the clinical environment. Correlation with main Merrill's Radiographic Atlas features exercises that support the digital positioning content in the atlas. Wide variety of exercises holds user's interest and provides a variety of interaction with the content. Exercises on identifying errors on radiographs prepare users to evaluate radiographs in clinical situations. Anatomy and positioning exercises provide balanced coverage of both topics. Abundance of labeling exercises ensures users recognize anatomical structures on actual radiographs. Comprehensive self-test at the end of each chapter enable users to accurately gauge their comprehension of the material and measure their own progress. Pathology exercises helps users understand which projections will best demonstrate various pathologies. NEW! New images reflect all the content updates in the main Merrill's text. NEW! Detailed review exercises that cover osteology, anatomy, physiology, arthrology and radiographic examinations. NEW! Additional images for identifying essential projections.

Customer Reviews

its a good book ..but how can we find the answers ..??? it says we will find it in elsiever .com ..but I cant

Needed the book for my radiology program , so far it looks great and very helpful ! My fingers are crossed

Required book for class. Pages a slick/glossy. Hard to write on pages with a pencil.

Product shipped quickly and was exactly what was advertised.

Happy with purchase! Just what the description said!

Perfect for my college course.

Good Buy - quick ship - thanks

It was the correct book my wife needed for her classes.
