Customer Reviews

Did a search on scalping and this book was one of the first to pop up on my ipad. I figured for \$0.99 what the heck. This is a really good book on scalping. I read this in like 5 minutes and got the gist of the strategy immediately. The author wastes no time with any fluff. He gets right to it. A lot of chart explanation which helped with his explanations of the strategy. I am currently back testing this on forex tester 2 and so far I've executed nothing but winners. I noticed he has some other books for the same price. I'm definitely going to check them out.

Kindly check, it say the Cloud Scalper settings for ichimoku has 4 input settings. However, the one in MT4 only has 3, was wondering how do you go about this? Thanks!
